

# Recovery in Progress

## Online Meetings

Recovery in Progress is starting online meetings to run concurrently with our scheduled meetings through Zoom. Starting 3/19, the meeting leader will host video of the meeting in progress. Should shelter in place be mandated, we will transition to all online meetings.

Online meetings can be joined by computer or smart phone. Users can choose whether they would like to turn off their individual video or microphone. Additionally, those using smart phones will have to download ZOOM cloud meetings from their app store.

Please reach out to a meeting leader if you have trouble setting up or accessing these online meetings.

Isolation is deadly for us. Staying connected during these times of trial is crucial.
